

# Mayport SHRIMP TRAIL

## WHAT YOU NEED TO KNOW

- The Visit Jax app icon is the image to the right and customers will need to download it in order to participate in the trail.
- We recommend people create an account on the Visit Jax app BEFORE they start checking in on any of the trails. By doing this, the check ins will save to their account. If they do not have an account and already checked in to places, they should not create an account as doing so may wipe out the existing check ins.
- The Mayport Shrimp Trail icon is on the main menu of the app.
- To complete this trail, customers will need to dine at 5 participating restaurants and check in on the Visit Jax app in order to receive their prize. There is no code to distribute but customers must be inside your establishment to complete the objective.
- To claim prizes via the app, customers will fill out the submission form when prompted. There is an option to pick up their prize from Visit Jacksonville's Downtown Visitor Center or have it mailed to them at a provided address. All trail submissions completed by August 31 will be entered to win the grand prize.
- Only one submission form per person, per calendar year is allowed. Multiple entries will be disqualified.
